TELECON : [REDACTED] (Hycon) to [REDACTED]

25X1A5a2

[REDACTED] said that he had received a copy of the planned release on the identities of crash victims and he wished to raise an objection to the inclusion of the section that mentioned that "some of the individuals involved were on classified R & D projects for the Office of the Assistant Secretary of the Air Force for R & D". He said that if this were used it would cause his company embarrassment because of questions that would be raised by other companies in the same field.

25X1A9a

[REDACTED] agreed that this statement should not be used, unless necessary. He said that USAF was releasing the list of names this afternoon and that [REDACTED] people were being listed as consultants.
